

Business coffee with practical support

Odyssey supplies speciality coffee, equipment guidance, barista training and ongoing operating support to hotels, cafés and bars in Cyprus.

Coffee choices

Odyssey Signature Blend is roasted on the lighter side of medium with chocolate and nut notes and balanced acidity. A darker Brazil Monte Cristo profile and rotating seasonal speciality coffee support different guest preferences.

Setup and equipment

Support can cover coffee station planning, equipment choices, workflow and launch preparation around the realities of the venue.

Training that continues

Initial barista training, refreshers and accessible product knowledge help teams keep standards through busy services and staff changes.

Odyssey Ops

Training guidance, standards, routines and product knowledge are shaped in Odyssey's own cafés before being applied with partner venues.

Tell Odyssey about the venue type, expected volume and current setup. A personal reply follows within 24 hours.
